Subject: Quiet Voices

To Whom It May Concern:

As Mayor of the City of Woodson Terrace I am excited about the product Ms. Ford is offering. We see many avenues that this exciting new product may be used to help us with our mission in serving the public.

Aside from the obvious uses in the medical community we see this product as a tool we can utilize in our police department. The benefits range from dealing with non- English speaking individuals to those individuals who may have been injured and are not able to communicate.

As a public servant we believe the benefits from this product are boundless and will be an asset to all communities.

Sincerely

Lawrence P. Besmer
Mayor
City of Woodson Terrace
